The WeMSA Test

We encourage you to test the Power and Validity of the Guide known as the Morning Star

We, Chenax Majesty IP, Inc., WeMSA Success System, and WeMSA LIFE Centers, state categorically that (1) We have secrets that will enable you to get more success in everything you do, and (2) We possess secrets that will solve humankind's problems, easy or difficult, personal or national, simple or complex. We back both major claims with a **120% Money-back Guarantee**.

Of course, we expect you (and the rest of the world) to doubt our astonishing claims and, perhaps, see them as unnecessarily sweeping or overly bold. We acknowledge and respect the skepticism. That's why we cover each claim with a 120% money-back guarantee.

Basis of Claims

Our bold claims are based exclusively on the ***Settled Science* of the power and validity of *the Guide known as the Morning Star***. Therefore if the Guide's power and validity are false, then our claims must also be false. But if you prove the power and validity of the Guide to be true, then you must logically accept our claims as proved.

With those reasonable conclusions in mind, we respectfully invite you to **personally prove or disprove** the power and validity of the Guide by conducting a simple scientific test. We strongly urge you to conduct your own personal **WeMSA Test** without delay.

This Is The WeMSA Test

The WeMSA Test is a two-step procedure. Here it is:

Step 1. Say, *"I, (Your Name), now seek a demonstration of the power and validity of the Guide known as the Morning Star. Over the next eight days, I will perform exactly in accordance with the two declarations, which I now make:*

Declaration One: I will do, at least, 8 Good Deeds everyday. (See foot of this webpage for 17 suggested Good Deeds.)

Declaration Two: I will not tell any lie while I conduct the test.

In return for my correct performance, I expect a clear demonstration of the power and validity of the Guide known as the Morning Star, within 8 days of the start of my 8-day performance”.

Step 2. Perform, over the next 8 days, in accordance with your two declarations. Repeat the two declarations everyday during the eight days, and pause with each item of your declaration; give it some thought, to ensure that you are, indeed, doing what you declare.

Requirements For Correct Performance of The WeMSA Test

1. Since this is a scientific test, it is necessary that you follow the procedure exactly. Do it the same way you would, if you were performing a scientific test in, say, experimental physics or analytical chemistry when you wish to verify the results published by other researchers.
2. As with any scientific test, if your performance is interrupted, or is not conducted correctly, you can continue to repeat the test until you are able to follow the procedure correctly.
3. You can choose to conduct the test in public, or you may choose to conduct it in total privacy so that no one will distract you, because no one, other than yourself, would then know what you are doing. Since this is a scientific test; it would make no difference either way.

Be A Scientific Skeptic

The WeMSA Test is a scientific test, therefore you can be as scientifically skeptical as you wish to be. You can be the best of people, or you can be the very personification of evil, even the Prince of Evil in person; that would still make no difference, just as it wouldn't in experimental Physics. .

The Result of the WeMSA Test

In return for your correct performance of the WeMSA Test, you will see **absolutely**

amazing results within the eight days of the 8-day test. The convincing result will be clear as day; that result is: (1) your proof of the power and validity of the Guide, and (2) **your proof that our claims, which are based exclusively on the power and validity of the Guide, are true.**

If you do **not** see **absolutely** convincing results within the eight days, and if you have performed as you promised, you must reject the Guide and our claims as false. You **alone** are the judge; but please be true to yourself.

Be Sure To Perform As You Promise

1. If you choose to test the power and validity of the Guide (and we strongly urge you to), it is your obligation to perform as you promise in your two-point declaration.
2. Be aware that if you do **not** perform the procedure properly, you have **no** right to draw a negative conclusion. You cannot draw a valid conclusion from a flawed scientific procedure. But if you do indeed perform the test as specified, it can only mean that your time for more success has finally come.
3. Since the governing **Natural Law** is **absolutely inflexible**, you can receive the demonstration of the power and validity of the Guide **only** once, though you can repeat the WeMSA Test as many times as you need to, in order to do it exactly as specified.

Seventeen Suggested Good Deeds

1. Buy different kinds of fruit and give them to other people.
2. Give money to beggars.
3. Give money to people, even if they are not obviously in need.
4. Give money to people playing musical instruments on the sidewalk or at train stations.
5. Pay for a stranger's meal at a restaurant.
6. Telephone someone who says bad things about you, and tell him/her something good about himself/herself.

7. Pick trash up from the street, bus station, or train station and throw the trash into a trash can.
 8. Smile and say hello to a perfect stranger.
 9. Pay a compliment to a perfect stranger.
 10. Give cooked food to your neighbors.
 11. Give a ride in your car to other people.
 12. Pay someone's fare on the bus, train, or taxi.
 13. Speak nicely to service people, such as waiters, airline attendants, elevator operators, and taxi drivers.
 14. Tip people generously.
 15. Give useful information to other people.
 16. Tell family members that you love them.
 17. Give wholesome gifts to other people.
- Important Note: What you do for yourself does **not** count as a Good Deed.
